

Manifesto Highlights

MISSION STATEMENT

HOPE stands for HELPING OUR PEOPLE EXCEL.

Our aim is to help our citizens by supporting creative ideas and via promoting of the dignity and self-worth of all of our residents. An excellent quality of life, by empowering our people is key. We encourage decision-making through good governance principles, taking into account the regional and international realities in developing our country through sustainable development goals.

VISION

HOPE's long term focus and philosophy is to set the example in good governance, continuous education and awareness on integral laws of our country. Public Private Partnerships is the approach to reshape our country and to ensure making the best decisions for the enhancement of the wellbeing of the people of Sint Maarten.

HOPE's 5 core values: Professionalism, Positivity, Law Abiding, Dialogue and Good Governance!

HOPE's 11 PRIORITY AREAS & CONCERNS

1. **A STABLE ECONOMY & SOUND BUDGET** Diversifying the Economy & Tourism product, Agriculture & Financial Services.
2. **HEALTH CARE & FOOD SAFETY & SECURITY** Provide a national health care plan, Upgrade our health facilities to offer medical care for us and medical tourists.
3. **POVERTY ALLEVIATION & HOUSING** Enhancement of quality of life for everyone with affordable housing, better schools, afterschool & feeding programs. Ensuring that every household has access to basic services (electricity, water, internet, basic sanitation).
4. **CRIME PREVENTION & PUBLIC SAFETY** Educate youth through training/apprentice programs and stimulate sports. Introduce & Execute Safety & Security plans (cameras and systems).
5. **EDUCATION & YOUTH** Revise the Educational system to connect with region (more languages) and to align with what is needed on our job market.
6. **HUMAN RIGHTS** All St. Maarten people enjoy the same rights and opportunities.
7. **SUSTAINABLE RENEWABLE ENERGY** Introduction of Alternative Energy patterns: solar, wind, thermo energy. Apply Waste to energy plan (Removing the Dump) and recycling.
8. **SOCIAL SECURITY & ELDERLY & PENSION** Look more in depth to the old age pension and create a better quality of life for our elderly with Social services and programs.
9. **ENVIRONMENTAL SUSTAINABILITY** more environmental awareness, enforcement of legislation, Introduce Waste to Energy plant (Recycle) & create at least 1 terrestrial protection zone.
10. **TRAFFIC AND TRANSPORTATION** Regulation for a better public transportation & parking systems.
11. **CULTURAL DIVERSITY** is an asset. Create nation building program.
